Type of course that will satisfy the requirement: 
☑ Independent Study/Tutorial/Practicum

_____ Internship

_____ Study Abroad

Year and Term: Spring 2017
Course title and number: An Analysis of BREXIT; BLAW 399

Student applicants, in consultation with the faculty mentor, should prepare responses to the following:
1. **Project Description:** Provide a brief project description. If Honors Immersed will be satisfied via an individual enrollment course, attaching the individual enrollment documents that will be submitted to the Registrar will be sufficient.

2. **Focus of Work:** The student needs to spend at least 150 total hours (approximately 10 per week) immersed in the project that is the focus of the proposal. Describe how these immersion hours will be spent and verified.

3. **Reflection:** The student needs to reflect weekly on the impact of the project on his/her conceptual understanding, skill development, and long-term academic goals. Please describe the format for these reflections (e.g., blogposts, OAKS uploads, videos).

4. **Project Culmination:** The student needs to complete a project upon which the student and the faculty member agree is appropriate to the discipline or experience (e.g., a paper, a performance, a video). Regardless of format, the student will need to upload the final product in the Honors College OAKS dropbox – the upload can be a document file, web link, video link or other accessible file. Please indicate below the intended product:

☐ paper

☐ performance

☐ video

☐ conference poster

☐ professional presentation

☐ candidate work sample (for Honors Education majors only)

☐ other (please describe)

The signatures below signify that the faculty advisor for the project and the student have discussed the requirements and expectations for the project. The faculty member's signature signifies that the final grade will reflect the student's success on the major requirements listed above. Students will only receive credit for Honors Immersed with a grade of B or above in the associated course.

Project Description: An Analysis of BREXIT
Student:
Faculty Supervisor: Roxane DeLaurell

This project will involve reading assigned articles, discussing them with the faculty supervisor as needed, completing and posting at least 12 summaries/reflections on the material covered to OAKS. Finally student will complete a paper on his analysis and conclusions on the question of the impact of BREXIT on the global economy.

Readings:

Student will read assigned material from *International Business Law and its Legal Environment. A Transactional Approach* by Larry DiMatteo, Third Edition, Routledge (2017) and do independent research. Summaries of the readings and of reflections on research will be completed by student on a weekly basis, at least twelve summaries/reflections will be uploaded to the OAKS course page. Faculty supervisor will review these summaries and leave comments where appropriate.

Student will read:

1. Chapter 1 pp. 1-40, Introduction
2. Part II Trade Regulation, Chs. 5,6,7. pp. 139-226
3. Part III European Union, pp. 227-254

Student will conduct independent research into the question as to why BREXIT happened and what the potential outcomes may be.

These readings and summaries will count 50% of the final grade.

Student will complete at least six summaries by spring break

Meeting deadlines will count 25% of the final grade.

Paper:

By May 1, 2017, student will submit a paper detailing his analysis and conclusions on why BREXIT happened and what could be the outcomes. This paper will be uploaded according to the requirements of the honors immersed contract, see attached.

The paper will be graded on form and substance and comprise the balance of the final grade.
