Economics 200 – Section 04
Principles of Microeconomics

Fall 2022

Lecture Info: Monday and Wednesday | 2:00 PM to 3:15 PM | Beatty Center, Room 115
Professor: Dr. Chris Mothorpe | 403 Beatty | (843) 953-7273 | E-mail: MothorpeCA@CofC.edu
Office Hours: Mondays and Wednesday 12 PM to 2 PM in-person or via zoom. Zoom meetings require an appointment to be made through Appointment Manager and are to be made 24 hours in advance.

CONTACT AND EMAIL POLICY

The best time to reach me is in-person before or after class.

I check my email three times a day: 1) in the morning; 2) at lunch time; 3) near close of business. It may take up to two business days for me to respond.

Ask THREE then me

If you have a question, please check three sources before asking me. For example, if your having a technical problem try Google, Student Computing (https://it.cofc.edu/help/studentcomputing.php), a fellow student, the IT Service Desk (843-953-3375 or itservicedesk@cofc.edu) and THEN me. If you do not understand a concept then try your notes, the textbook, a fellow student and THEN me. Having trouble understanding what comes next in the course? Try the syllabus, a fellow student, OAKS and THEN me.

Course Catalog Description: The structure of the market is presented, including product and factor pricing, allocation of resources and distribution of income, market equilibrium analysis, and analysis of domestic and international problems and policies.

Course Objectives:

1. Describe the fundamental problem economics addresses and how it is studied by economists
2. Analyze consumers’ and producers’ decision-making processes
3. Describe market equilibrium and market efficiency.
4. Predict the impact of policy changes on the equilibrium price and the equilibrium quantity for a given market.
5. Analyze the impact of various market failures on the market price and quantity.
6. Describe how individuals and firms are impacted by various market failures
7. Demonstrate versatile and competent written, oral, and digital communication skills.

General Education Learning Outcome: Students can apply social science concepts, models or theories to explain human behavior, social interactions or social institutions. This outcome will
be assessed on December 9th as part of the final exam. The final exam is worth 20% of the student’s final grade.

Economics Learning Goals:

1. **Understanding Major Economic Problems**: Students demonstrate an understanding of major economic problems facing society and the policy alternatives, which may be utilized to contend with these problems. Students will be presented with case studies, which will discuss economic challenges at the local and national level, to highlight economic concepts and how economics influences government policies. Each student will display his or her understanding of how concepts are linked economic challenges through homework problem sets and exams. Supports Strategic Initiative 1: Enhance the undergraduate academic core.

2. **Quantitative Fluency**: Students demonstrate the ability to draw insights about economic behavior from the application of mathematical tools. Students will be introduced to the concept of marginal analysis and use it to understand how individuals, households, and firms compare marginal benefits and marginal costs in their decision analysis. Each student will display his or her understanding of marginal analysis by answering questions on homework problem sets and exams. Support Strategic Initiative 1: Enhance the undergraduate academic core.

The Economics Learning Goal #2 satisfies the School of Business Learning Goal: Quantitative Fluency – *Student demonstrate competency in logical reasoning and data analysis skills.*

**Course Information**

**Course Pre-Requisites**: Students are required to have completed 3 credit hours of MATH

**Required Textbook and MyEconLab**: The required textbook for the class is: *Microeconomics*, 3rd Edition by Daron Acemoglu, David Laibson, and John List. ISBN: 8220123160951. Students are required to have access to the *MyLab Economics* platform through which assignments will be administered.

**OAKS**: OAKS, including Gradebook, will be used for this course throughout the semester to provide the syllabus, class materials and grades for each assignment, which will be regularly posted. You can access OAKS through your MyCharleston page at [https://my.cofc.edu](https://my.cofc.edu). You are responsible for checking OAKS regularly for announcements and instructions regarding class.

I will also post other course materials to OAKS including:

- Class Outcomes – a list of concepts students should master by the end of the semester
- Instruction Materials – Tables/ Figures/ Graphs used to facilitate class discussions
- Example Problems
- Other relevant readings and videos
STUDENT ASSESSMENT

Students’ knowledge and retention of course material will be assessed using multimedia assignments, outlines, homework problem sets and four exams.

Video/Reading Quizzes: Quizzes consist of a series of videos and questions intended to introduce key concepts and definitions. Video/Reading quizzes are administered through MyLab Economics. The lowest quiz grade will be dropped.

Worksheets: These assignments are intended to be low-stakes practice problems. Worksheets are administered through OAKS quizzes. The lowest worksheet grade will be dropped.

Homework problems sets: These are high-stake assignment to reinforce class concepts. Homework problem sets are administered through the MyLab Economics platform. The lowest homework grade will be dropped.

Exams: There will be 4 exams throughout the semester. Each exam will consist of a series of multiple-choice, numeric and free response questions.

<table>

<td>11/2/2022</td>
<td>Chapter 4 (section 3); Chapter 6 (sections 1 to 5)</td>
</tr>
<tr>
<td>Final</td>
<td>12/9/2022</td>
<td>Cumulative</td>
</tr>
</tbody>
</table>

Attendance: I take attendance at the beginning of each class period; however, attendance does not factor into a student’s grade. Research has shown that there is a positive correlation between attendance and overall student outcome in the course; therefore, I encourage students to attend all lectures.

Make Up Work Policy

- Extensions to HW 1 will be granted due to technical difficulties and students are required to submit proof of technical issues by email.
- I automatically drop the lowest Video/Reading quiz, worksheet, and homework grades.
- If a student cannot complete the work due to a valid excuse (e.g. illness, family emergency), then the weight will be shifted to the remaining assignments. Documentation of valid excuses should be sent via email.
- If a student misses a sufficient number of assignments, defined to be more than 1/3 within any category, then Dr. Mothorpe will recommend the student withdraws from the class. Students who do not withdraw will be assigned an “F”.
## Assessment Information

Notes: a) Due dates represents “Typical due dates”; for the actual due dates see the assignment schedule below; b) Weights take into account dropped grades

Students are responsible for checking their posted grades on Oaks. When an error is found in the Oaks grade, you should contact me as soon as possible and provide evidence of the error.
**Information Retention:** Research has shown that students learn and retain information if the information is reviewed frequently; therefore, students are expected to spend at least three hours out-of-class each week reviewing class material. A recommendation strategy to follow is 25 minutes a night Sunday through Thursday (125 minutes) and 30 minutes prior to class on Tuesdays and Thursdays (60 minutes). Additionally, students are strongly encouraged to create a study guide following the Econ 200 Review Sheet, which is posted on OAKS. Note that the Review sheet will be updated throughout the semester. Students are strongly encouraged to update their study guide as new material is discussed and review it periodically.

**Grade Scale**

**Inclement Weather, Pandemic or Substantial Interruption of Instruction**

If in-person classes are suspended, faculty will announce to their students a detailed plan for a change in modality to ensure the continuity of learning. All students must have access to a computer equipped with a web camera, microphone, and Internet access. Resources are available to provide students with these essential tools.

**COVID-Related Policies**

Please adhere to the College’s official COVID policies found at [https://cofc.edu/back-on-the-bricks/](https://cofc.edu/back-on-the-bricks/).

**Honor Code and Academic Integrity**

Lying, cheating, attempted cheating, and plagiarism are violations of our Honor Code that, when suspected, are investigated. Each incident will be examined to determine the degree of deception involved.
Incidents where the instructor determines the student’s actions are related more to misunderstanding and confusion will be handled by the instructor. The instructor designs an intervention or assigns a grade reduction to help prevent the student from repeating the error. The response is recorded on a form and signed both by the instructor and the student. It is forwarded to the Office of the Dean of Students and placed in the student’s file.

Cases of suspected academic dishonesty will be reported directly by the instructor and/or others having knowledge of the incident to the Dean of Students. A student found responsible by the Honor Board for academic dishonesty will receive a XXF in the course, indicating failure of the course due to academic dishonesty. This status indicator will appear on the student’s transcript for two years after which the student may petition for the XX to be expunged. The F is permanent.

Students can find the complete Honor Code and all related processes in the Student Handbook at: http://deanofstudents.cofc.edu/honor-system/studenthandbook/  

Center for Disability Services / Student Needing Access Parity (SNAP)

The College will make reasonable accommodations for persons with documented disabilities. Students should apply for services at the Center for Disability Services/SNAP located on the first floor of the Lightsey Center, Suite 104. Students approved for accommodations are responsible for notifying me as soon as possible and for contacting me one week before accommodation is needed. More information regarding the College’s disability services can be found at: http://disabilityservices.cofc.edu/  

Center for Student Learning:

The Center for Student Learning’s (CSL) academic support services provide assistance in study strategies, speaking & writing skills, and course content. Services include tutoring, Supplemental Instruction, study skills appointments, and workshops. Students of all abilities have become more successful using these programs throughout their academic career and the services are available to you at no additional cost. For more information regarding these services please visit the CSL website at http://csl.cofc.edu or call (843) 953-5635.

Notes:

1. The course syllabus provides a general plan for the course; deviations may be necessary.
2. Your constructive assessment of this course plays an indispensable role in shaping education at the College of Charleston. Upon completion of this course, please take time to fill out the online course evaluation.
3. The last day to withdraw from the course and receive a “W” is Friday, October 28th.
